

# AUDA StreetScape Update

June 29, 2011

## CONSTRUCTION PROJECT UPDATE

From June 29th-July 6th, Hansen Brothers will continue work on the waterline. Hansen Brothers anticipates the water service connections to be completed by the end of the week with the water main tie-in complete next week. Construction continues on the joint utility trench from Big-O-Tires and working towards Pine Street. Construction crews will begin storm drain work towards the end of next week and will begin adjusting the large vaults in Lincoln Way and Pine Street to grade next week.

Hansen Brothers will continue to have traffic control between Elder's Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate the trenching work. The lanes of traffic will shift according to the construction work.

Construction will have no impact on Wednesday Night Live. Construction will not occur on July 4th.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next five months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
